PRESIDENTS MESSAGE

HAPPY NEW YEAR HYGIENISTS'

We sure started off the New Year with quite a few happenings (and a lot of snow); from speaking to the future of our profession, to losing one of the best women in our profession.

On January 17th, **Nancy Balaj** and I visited the University of Detroit Mercy's first and second year dental hygiene students and spoke to them about the benefits of joining their professional organization, the history of Macomb component, current happenings with the profession of dental hygiene and field of dentistry in Michigan, and then answered any questions they had. The students were very excited and interactive during the presentation. We were also very happy to see about twelve to fifteen students at the Macomb January seminar. We are planning to attend the UDM student luncheon in April to help them with their conversion into a full member of the ADHA.

On January 22nd we lost an amazing woman, educator, and member of our professional organization. **Judi Luxmore** was a long time member of Macomb District Dental Hygienists' Society and professor at the University of Detroit Mercy. It was amazing to see such a huge turnout of dental professionals, colleagues, and students at her visitation and service. She will be dearly missed and never forgotten.

Macomb's Heartfelt Project is March 15th, from 9am-12pm. We have five offices participating this year in St. Clair Shores, Warren, and Sterling Heights. We want to thank all who have helped spread the word by passing out flyers to their community and a big thank you to all who have volunteered to participate in this great event. We have an outstanding record number of almost thirty students coming to volunteer their time to make sure this year's Heartfelt Project is a great success! Any questions or concerns please contact our Heartfelt Chair, **Julie Rizek** at her email address located on our website.

March 28th is our last seminar of the season and it is an all-day event. We are featuring two speakers; Dr. Gary Berman will be speaking about Forensic Dentistry, and yours truly will be speaking about caring for the diabetic patient. Elections for new officer positions will also take place at this meeting for the 2014-2015 year. I urge you to please consider running for an officer position, committee member position, or MDHA Delegate position. These positions do not take up very much time and we want to see some new faces on our board! You will be properly mentored and someone will be there to help you if you have any questions. Take a look at our officer listing on the website and see if anything peaks your interest! Please feel free to contact me with any questions or concerns. We are especially looking for MDHA Delegates and anyone who has attended in the past has come back with a new appreciation and a new sense of pride in their profession. I want to make sure that anyone who wants to go to the MDHA House of Delegates gets a chance to attend this life changing experience!

MDHA recently had a Board of Trustees meeting in Lansing and I urge you to read our Trustee's report, as there are updates on the RRDH (Restorative Registered Dental Hygienist) workforce model and on the redistricting of our components. See you all in March and stay warm until then!

SINCERELY,
JENNIFER SUMINSKI, RDH, BS
MDDHS PRESIDENT

MARCH ALL DAY SEMINAR

"TYPE 1, TYPE 2, and YOU-Treating Your Diabetic Patient"

AM

This presentation will provide key information on treating the diabetic patient in your dental chair.

Key points of information to be presented:

1. An overview of diabetes as a disease; including types of diabetes and complications from diabetes.
2. The pharmacology aspect; drug used to treat diabetes including oral and injectable medications and what side effects to look for during treatment (with a focus on oral side effects).
3. Nutrition counseling for the diabetic patient.
4. Responding to diabetic medical emergencies in the dental office.
5. The correlation between diabetes and periodontal disease; how do we maintain oral and overall health for our patients.

Jennifer is the President of the Macomb District Dental Hygienists' Society. She graduated from Ferris State University in 2007 with her Associate degree, then earned her Bachelor degree with Ferris' online completion program, and is currently earning her Masters degree in Dental Hygiene online at the University of Michigan. She also holds a CPhT certification as a Nationally Certified Pharmacy Technician. She has been a pharmacy technician for 13 years and has worked in retail, hospital, and most currently at Health Alliance Plan. In her spare time she likes to travel and spend time with friends and family. She has been active with MDDHS since graduation in 2007, and held officer positions since 2008 continuously, attended two MDHA House of Delegate meetings as a Delegate and an Alternate, and on the Communications Committee for MDHA as well.
